University of Northern British Columbia Bursaries

As residents of northern BC we welcomed the establishment of Canada's newest university in 1990. The first students enrolled in 1992 and we celebrated the opening of the Prince George Campus in 1994. The establishment of UNBC was a milestone in the development of northern BC and provided an opportunity to many students that may not otherwise have been available to them.

To assist these students in their pursuits, the principals of Brownridge & Company Insurance Services Inc., Brian and Jackie Brownridge, have established three Bursaries to provide financial support. These bursaries are awarded annually. The bursaries are described below and further information regarding qualifications and applications may be obtained by contacting UNBC. www.unbc.ca
